Testimony

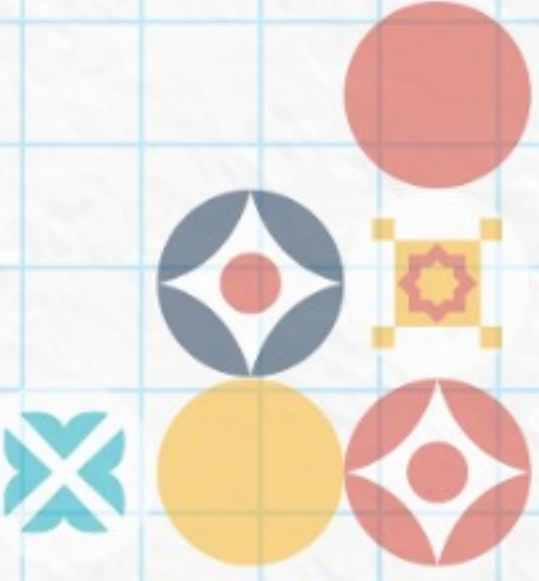

I'd like to say that FBICC program makes me love Indonesia language, especially with my tutors who are professional in their major while teaching us. Once again thank you for my tutors and FBICC.

I had a great time attending the online FBICC. Thanks to all the friendly and sympathetic teachers, I could practice my language skills and learn interesting information about Indonesia. This was a wonderful experience that also helped me to meet new friends from all over the world even during a global pandemic and I would be more than happy to repeat it all over again. I fully recommend FBICC.
