5. Indonesian Cultural Diversity
6. Indonesian History

What Do They Say About Our Previous Cultural Program?

Beautiful and green campus make me more motivated to learn Bahasa Indonesia and Indonesian Culture. I would love to choose ITS again if I get a chance to participate another program.

I am happy with our lecturers which are professional not only in language but also explaining cultural things. Cultural activities are well managed at ITS. I would join other cultural programs at ITS.

I came to Indonesia because I interested in learning about Indonesian culture especially wayang. I also enjoyed learning Bahasa Indonesia during the program. I think it would be good to see more cultural program in Indonesia.
