Hizen Hamashuku is a post town in Kashima, Saga, Japan that is dotted with sake breweries since Edo era. It is a popular travel destination for both Japanese and foreign travelers. As an Important Preservation District for Groups of Traditional Buildings, the historical region is representative of both tangible and intangible heritage of Japan from Edo era, throughout Meiji, and Showa eras.

Assignment:

A proposal of regeneration of a small traditional building in Hizenhama-shuku based on Community Resilience principles.

Organizing committee:

President : Prof. Nobuo Mishima

Staffs : Assist. Prof. Takayuki Fuchikami

Assist. Prof. Rami M. Derbel
