

2025 Winter Camp

Resilient Taiwan

A Nation Prepared

**Exploring Taiwan's Disaster
Mitigation and Urban Planning
through a Public Policy Lens**

國立臺北大學

National Taipei University

國立臺北大學國際事務處
NTPU Office of International Affairs

Why Choose NTPU

Nestled within the picturesque campus, National Taipei University is a hub of distinguished scholars and enthusiastic learners from around the world. Join our winter camp and dive into a distinctive, immersive experience of academic life at our university. You'll engage with inspiring professors, connect with curious minds, and feel the excitement of being part of our vibrant, diverse community.

The unique climate and terrain shape Taiwan's breathtaking landscape but also expose us to frequent natural disasters. Challenges like typhoons, earthquakes, heavy rainfall, and water resource imbalances have become even more pressing due to the impact of climate change. How does the Taiwanese government develop strategies to mitigate these risks? What role do public policies play in disaster management? Join us to explore how Taiwan stays resilient!
